

# ProDry

ProAgni

Optimises sheep and cattle performance on dry feed.

✓ SUPPLEMENTARY FEEDING

ProAgni ProDry is a moisture resistant loose lick powder for animals grazing on dry pastures and stubbles. ProDry contains fermentable carbohydrates, bypass and rumen degradable protein, and nonprotein nitrogen.

A combination of macro and micro minerals plus essential vitamins. This formula aids growth rates, reproduction, overall animal health and reduces methane emissions.

## Why use ProDry?

- Increases intake and digestion of dry feed
- Supports the rumen microbe population for optimum function
- Provides key nutrients (protein and energy) to increase ruminal biomass
- Supplements the protein requirements in protein deficient situations
- Antioxidants support cellular function that decreases nutrient requirements for repair and replacement, to minimise energy wastage
- Reduces methane emissions

## How do I use ProDry?

Allow 2cm headspace for sheep and 5cm headspace for cattle, place in open free draining containers where stock gather regularly.

- Provide only daily amounts over the first ten days to ensure gorging risk is reduced
- After the first ten days, give two days' worth of supplement every second day
- Once intake is consistent, provide ad lib. Stock will regulate intake as required

Nutrient Level (DM basis)	
Crude Protein	26.4
Crude Fat	1.9
Urea	5.0
Magnesium	7.7
Calcium	7.6
Sulphur	6.4
Phosphorus	3.3

Nutrition Profile	
Macro nutrients	Calcium, Phosphorus, Magnesium, Sulfur
Micro nutrients	Zinc, Copper, Selenium, Cobalt, Manganese, Iodine
Vitamins	A, D, E

- Contains urea
- Free from hormones and antibiotics; Lasalocid and Monensin
- Nil withholding period, nil export slaughter interval
- Feed only to sheep and cattle.
- Contains proven methane-mitigating ingredients; including one certified by the Carbon Trust

**WARNING:** Do not feed to dogs, horses (or other equids) or poultry as this may prove fatal

## ProDry dose rate

<p><b>SHEEP:</b> SUPPLEMENTARY FEEDING</p> <p><b>20gm</b> Per head/per day</p> 	<p><b>CATTLE:</b> SUPPLEMENTARY FEEDING</p> <p><b>80gm</b> Per head/per day</p> 
--	---

## Sheep and cattle nutrition range

Pelletised feed additives and loose lick powders for use in supplementary feeding programs 365 days a year. ProAgni products are free from all antibiotics. Packed in 25kg bags, 1 tonne or bulk

Situation	Product	Form	Dose Rate
Grazing green feed and forage crops	ProGreen	Powder	Sheep 20g/hd/day Cattle 80g/hd/day <i>*Loose lick powders are moisture resistant.</i>
Optimised performance on Brassic and Canola	ProGreen HiThi		
Ewes approaching parturition	ProMark		
Sheep paddock grain: supplementary feeding	ProTect S	Pellet	25kg per tonne of ration (2.5%) (Sheep consuming no more than 500g/hd/day grain ration)
Lamb weaning			50kg per tonne of ration (5%)
Sheep feedlot			50kg per tonne of ration (5%) (no fibre needed in well managed feedlot)
Cattle paddock grain: supplementary feeding	ProTect C	Pellet	25kg per tonne of ration (2.5%) (Cattle consuming no more than 5kg/hd/day grain ration)
Calf weaning			50kg per tonne of ration (5%)
Cattle feedlot			50kg per tonne of ration (5%)

## Storage

Store bags off the ground in a dry place out of direct sunlight and away from possible pests and insects. Store below 30C. Best used within 6 months of date of manufacture.
